

About Sutter Health

Serving patients and their families in more than 100 Northern California cities and towns, Sutter Health doctors, hospitals and other health care service providers join resources and share expertise to advance health care quality and access. The Sutter Medical Network includes many of California's top-performing, highest quality physician organizations as measured annually by the Integrated Healthcare Organization. Sutter-affiliated hospitals are regional leaders in cardiac care, women's and children's services, cancer care, orthopedics and advanced patient safety technology.
