Policy - Interpreter Services

POLICY:

The Medical Center will provide interpreter services at no cost to patients with Limited English Proficiency (LEP) or who are deaf or hard-of-hearing, in order to enhance effective communication and ensure access to health care information and services in accordance with Federal, State and Local regulations.

- I. The Medical Center shall provide resources that facilitate accurate and timely communication for CPMC patients with LEP and sign language needs.
 - A. A Medical interpreter is an individual who is fluent in English and in a second language or nationally certified with the Registry of Interpreters for the Deaf (RID) in sign language. Interpreters must have the ability to completely convert items and terms in medical terminology, respects the patient's rights to confidentiality, provides impartial interpretation and understands the role and ethics of being an interpreter.
 - B. The Medical Center shall provide translation of vital written material and/or communicate information in vital documents throughout the continuum of care such as: medical forms/questionnaires, consent forms and advanced directives.
 - C. Provide verbal offers and written notices to patients in the preferred language informing patients of their right to receive language assistance services.
- II. Interpreter Services provided include:
 - A. In person interpretation provided by certified staff interpreters, certified vendor-provided interpreters and qualified or competent bilingual staff.
 - B. Over-the-phone interpreting provided by a Sutter approved vendor.
 - C. Video remote interpretation provided by certified medical interpreters.
 - D. Sign language interpretation.
- III. Use of family members or friends for interpretation.
 - A. Patients are informed of their right to free interpreter services via the Patient Rights brochure provided to all patients on admission.
 - B. Only certified interpreters will be used to interpret clinical or technical information for all LEP patients. The LEP patient may have a family member or friend present during the interpretation but a certified interpreter must always be the source of interpretation for clinical information. No minors under the age of 15 may be used as interpreters (California Assembly Bill 775).

- C. Use of a family member/friend instead of a certified interpreter may be used for non-clinical non-technical information and must be documented in the patient's chart.
- IV. All declinations of language assistance/interpreter services provided free of charge by Medical Center must be documented in the patient's chart.
- V. The Interpreter Services Department will assume the responsibility of ensuring competency of interpreters and qualified bilingual staff.
- VI. The signing of informed consent and advanced directives needs a certified interpreter or qualified bilingual staff interpreter.

PROCEDURES:

Interpreter services can be identified and requested at the time of scheduling and/or registration and at anytime by any CPMC provider for their patients.

Same Day requests for language assistance

For same day language assistance, on-site staff interpreters and/or over-the-phone interpreting services can be accessed as appropriate. Over-the-phone interpreting services are available 24/7 and should be used for immediate needs and for languages not covered by our on-site staff interpreters. CPMC's Qualified Bilingual Staff may be available to assist. Detailed guidelines for obtaining interpreters and accessing tools are provided on the CPMC intranet.

Next day/later requests for language assistance

Requests may be made using the Online Interpreter Scheduling. Access to the Online Interpreter Scheduling system is for approved users only. Please contact Interpreter Services for approval. Interpreter Services will also enter requests online on a provider's or scheduler's behalf if necessary.

Request for Translations

Requests to translate documents should be made by contacting Interpreter Services. Interpreter Services Department will assume the costs of translating documents dealing with patient informational/educational material, patient surveys, menus, and signage.

American Sign Language

ASL interpreters may be scheduled by using the Online Scheduling System or by contacting Interpreter Services. Providers and schedulers may also contact our ASL vendors and/or use Video Remote Interpreting services as appropriate. Contact information and other details are kept current on the Interpreter Services' intranet site as well as on the ADA Guides for Staff.

Further Information

Visit the Department's Intranet site for details, current contact information and language resources.

References

Language access for LEP individuals is mandated by federal, state and local laws, as language access is "a civil right and one of the key paths to meaningful participation in a democracy" The Civil Rights Act, Title VI (Federal, 1964), Executive Order 13166 (Federal, 2000), Dymally-Alatorre Bilingual Services Act (1973, California) and the Equal Access to Services Ordinance (2001, San Francisco).

Assembly Bill (AB) 775 prohibits the use of children under the age of 15 as interpreters in hospitals, clinics, and doctors' offices.
