

# Important Construction Update for Patients and Visitors

## Parking Information as of February 6, 2023

Sutter Roseville Medical Center is expanding to better serve our growing community. This includes a parking garage expansion, which will add 560 much-needed parking spaces for our campus.

Beginning February 6, 2023, you may need to change how you arrive and park when you come to our Sutter Roseville campus. We've provided these guidelines and a map to make the arrival and parking process as smooth as possible. You'll also see signs displayed throughout the campus and inside the buildings. Please allow yourself extra time to account for possible delays.

We expect to complete the garage expansion in mid-2024. We apologize for any inconvenience during this time and encourage you to reach out if you have questions. Please contact us at 916-781-1000.

### Arrive More Quickly, Bypass Construction Activities

- Enter from E. Roseville Parkway on N. Sunrise Ave.
- Take Medical Plaza Drive (running west-east) toward the south hospital entrance.
- Avoid taking Medical Plaza Drive (running north-south) from Secret Ravine Parkway.

### Park More Easily, Use Our Free Valet Service

For your convenience, we offer four valet locations, marked with **V** on the map. You may also self-park in lots or the upper parking garage floors marked with **P**.

- Drive to the most convenient location for your visit.
- Tell the valet how long you'll be on campus.
- Leave the keys for your vehicle with the valet.
- They'll provide a claim check in exchange for your keys. Be sure to keep the claim check handy, as you'll need it to get your keys back.
- When you're ready to leave, return to that same valet location and present your claim check.
