It’s hard to believe what we’ve been through since the start of the pandemic. What did COVID-19 teach us about how we deliver healthcare, and what do we need to rethink as a result?

We see the vulnerable areas it shined a light on where we must invest: HEALTHCARE EQUITY, INNOVATIVE TECHNOLOGIES, DIGITAL CARE OPTIONS AND PANDEMIC READINESS. You have helped us build a bridge to a future where healthcare is MORE EQUITABLE, COORDINATED AND PROACTIVE. Thank you for your partnership.
YOUR GIFTS IN ACTION

KALMANOVITZ CHILD DEVELOPMENT CENTER
The KCDC team provides comprehensive assessment and treatment programs for a range of childhood needs.

1 in 7 children experience a developmental difference

increased scholarship applications by nearly 33% as a result of COVID-19

The general scholarship program funded through gifts improves access for underserved families to receive assessment and therapy services through this comprehensive child development center.

CHILDREN’S LITERACY
Sutter Pacific Medical Foundation expands Reach Out and Read program. This nationally recognized program prepares children to achieve their potential in school and beyond by encouraging parents to read out loud to their children.

DIGITAL INNOVATION
Across the Bay Area > 400 DONORS provided funding to:

• Supply tablets for nearly 5,000 CLINICIANS who delivered 1 MILLION video visits
• Enhance My Health Online patient portal to allow for better collaboration with care teams and appointment scheduling
• Advance remote patient monitoring to drive care and safety beyond the pandemic

20TH ANNIVERSARY OF NOVATO COMMUNITY HOSPITAL
92,000 PATIENTS are served each year as this community hospital turns 20! Philanthropic gifts have paid for beautification projects on the outside and in the employee lounge. Coming soon, cutting-edge intensive care “smart” beds to continuously monitor patients and support earlier mobility to improve recovery and avoid complications.

EXPANSION OF CARE IN SONOMA COUNTY
$8 MILLION raised towards a $15 MILLION goal to expand specialty services, care navigation, purchase state-of-the-art technologies and enhance research and innovation.
In 2020, the COVID-19 pandemic provided clarity for so many of us about what matters most: SAFETY, EQUITY, COMMUNITY, HEALTHCARE, and – most of all – LOVING CONNECTION WITH OTHERS. As our philanthropic partners, you have already made it a priority to improve the health and well-being of those around you.

Sutter in Marin and Sonoma counties has been able to continue providing compassionate care during this last year to those who need it most. We’re looking forward to giving and receiving physical hugs in the not-too-distant future.
“At the end of the day, philanthropy is a vehicle for change. The global pandemic shined a light on various areas of healthcare in need of change. Philanthropy’s task is to accelerate this transformation wherever possible by inviting grateful patients and generous community members to participate in this journey.”

--Lisa Amador & Ryan Pocock
Director of Philanthropy, North Bay | Sr. Major Gift Officer, Marin County
