

## Inpatient Acute Rehabilitation

California Pacific Regional Rehabilitation Center is recognized as a *Center of Excellence* for the provision of inpatient acute rehabilitation. As part of California Pacific Medical Center, a tertiary medical center, CPRRC is integral to the continuum of care and accommodates the needs complex medical diagnoses.

In addition to being a regional resource for rehabilitation expertise, California Pacific Regional Rehabilitation Center provides a warm, healing atmosphere. We emphasize a comprehensive, interdisciplinary and individualized approach to recovery that focuses on the physical, psychological and emotional wellbeing of the patient. Family participation is encouraged, and education occurs throughout the rehabilitation process.

Accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF), California Pacific Regional Rehabilitation Center has been serving the needs of the San Francisco Bay Area and beyond for decades.
