

## QNatal® Advanced Cost Coverage Information

**Quest Diagnostics provides the QNatal® Advanced test to Palo Alto Medical Foundation. Quest Diagnostics is an external laboratory to Palo Alto Medical Foundation and Sutter Health.**

### Prior Authorization

Quest Diagnostics performs the prior authorizations for QNatal® Advanced, not PAMF. Prior authorizations check for coverage and verify benefits with your insurer.

Quest Diagnostics will bill you directly if there are any co-payments, deductibles, or other share of cost or uncovered charges. PAMF will not bill you, nor can we help you with your QNatal® Advanced bill.

### Out-of-pocket Cost Estimates

75% of all patients pay \$99 or less out of pocket with coverage provided by their insurer.

\$300 is the maximum out-of-pocket expense for any insured patient if coverage is denied.

**For any billing questions about QNatal® Advanced, call Quest Diagnostics directly at 1-888-445-5011.**
