Phone advice and appointments: 408-730-4251

- Days and hours vary
- Please check with your insurance company to confirm coverage. PAMF will bill your insurance directly. Some insurances require that your OB place a referral prior to the consult ***in your chart, not your baby's.***
- When you schedule your appointment you will be given detailed directions for the location you've chosen, and fee will be confirmed. As of January 2020 the fee is \$142 for the first consult and \$100 for additional visits. All visits are one hour except for twins – scheduled for 2 hours.
